cil reported today.

J. Floyd Slaybaugh, 66, Adams County superintendent of schools for 15 years, died suddenly Thursday evening at his home, 33 E.

Dr. C. G. Crist, Adams County coroner, said the death was caused by a coronary occlusion and occurred about 6 o'clock Thursday evening.

Mrs. Slaybaugh, who had been with a group of Gettysburg Methodist and Presbyterian women on a tour to the United Nations building in New York, returned with the group about 10 o'clock Thursday night. She found Mr. Slaybaugh lying near a telephone stand. He had apparently been stricken while writing at a table nearby.

Born February 3, 1891, in Butler Twp., he was a son of the late Clayton and Elmira (Taylor) Slaybaugh. He graduated from the Butler and Menallen Twp. schools and from 1908 to 1911 attended the summer Normal School at Arendtsville to prepare himself for teaching. He began his teaching career 48 years ago, in 1909, at the Cold Springs school and taught there for 14 terms.

Attorneys for all the school districts denied that charge in asking dismissal for McNeal's request for a permanent injunction which would prevent construction of the school, or forbid any implementation of the county plan.

Under the plan, Darby Twp. and Darby Borough would become one unit, while the other school districts would join together in another unit.

Not Equally Available McNeal has argued that Darby Twp. students have to pass Sharon Hill High School to attend Darby Borough High.

WEDDING DAY

Here is the story of a king who long ago sought for a virtuous woman and was told that her price would be far above rubies. Here are detailed the qualities that a truly virtuous woman would have-faithfulness, industry, thrift, compassion, courage, strength, honor.

As I look up at my new husband, I feel a surge of humility. I make a silent pledge that these words in Proverbs will be my guide as his wife. They're a challenge, I know. A big challenge! But, with the help of the Church, I'm going to try to live up to them.

The record of the men who

moulded the Hebrew nation under

the direction of God is filled with

human features - successes and failures, kindness and cruelty,

weaknesses marred the course of

Jacob's life but he finally made

peace with God. His favoritism

for Joseph, the eleventh son, caused

a chain of events which affected

the future of the entire nation.

If the elderly Jacob had not

shown such partiality to Joseph,

the lad would have developed like

his brothers with the same give-

and-take and sharing of responsi-

bilities. As it was, Joseph was

allowed to stay at home, dream of

the future, and wear fine clothes.

His brothers resented him and his

when he told them of a dream he had in which he would have authority over them, they determined to kill or destroy him. Many similar but less dramatic family tensions develop today and must be resolved for the well-being and best interests of all concerned Personality conflicts must be froned out in a Christian spirit.

Joseph's boyish enthusiasm in relating his dream about sheaves bowing down to his sheaf aggravated matters. Jacob sent Joseph to Shechem where his brothers were tending their flocks to inquire about their welfare They had moved on to Dothan where Joseph eventually caught up with them. "So when Joseph came to his brothers, they stripped him of his robe, the long robe with sleeves that he wore; and they took him and cast him in a pit. The pit was empty, there was no water in it." This made a convenient jail while the brothers debated about his fate. Judah and Reuben saved Joseph's life by selling him to a caravan of Ishmaelites who were slave dealers. They took him and sold him in turn to Potiphar, captain of the guard in

Paroah's household. Mourned His Favorite In the meantime Joseph's brother killed a goat and dipped his fine coat in it. Then they sent it to recognized it as Joseph's, saying, "It is my son's robe; a wild beast has devoured him; Joseph is without doubt torn to pieces." The broken-hearted father rent his garments, wore sackcloth, and

mourned for his favorite. The supposed tragedy of Joseph's bondage had a happy ending. This experience may have matured Joseph more than any one thing. There he was in a foreign land. without family or friends. Was not this the schooling and discipline he needed? Unfortunately, the cruelty of his own brothers precipitated it.

The lessons from this narrative are quite obvious. First, parents should love their children wisely and without preference; second, each child should have equal opportunity to develop and adjust to members of his own family and immediate community; third, kindness and not violence will heal family ruptures most effectively as nothing can be gained by selfish, unconsidered actions. A forgiving spirit is also needed in family situations where tensions

Proper guidance and counseling in the home as well as in the church and school will help in establishing good relationships and will prevent many personal tragedies. A family which has regular devotions and attends church regularly can often escape unhappiness and discord. The acceptance of Jesus Christ as Teacher and Guide is the first step in human relations. When persons recognize their own weaknesses and are able to forgive those of others, there is a new and better understanding.

Stassen returned to London yesterday for further sessions of the United Nations Disarmament subcommittee. He said prospects for East-West agreement are more encouraging now than they were three weeks ago. It was then that a new set of policy decisions were made by President Eisenhower.

Neither the United States plan nor the Soviet response has been officially made public, although Stassen gave Soviet representative Valerian Zorin an unofficial preview of the American plan in a private meeting about two weeks ago.

Authorities said Zorin's informal reply had been incorporated in a paper and it was that document which has been getting some high-level attention here. Called "Screen"

Morse's Stand

Both the leaders evidently expect substantial cuts in the appropriations bill, but feel that if the authorizations are trimmed too, the final allowances might imperil the program.

Morse, who drafted a minority report against the committee bill. opposed the proposed two-billiondollar fund to make loans for economic development abroad over a three-year period.

He said Congress would lose all control over the direction in which the loans would go, and only be advised afterwards.

Sen. Russell (D-Ga) said he is unalterably opposed to this socalled revolving fund," and would support Morse in a move to change it.

WHY re-enlist in the small-car

READ THIS STARTLING FACT

5 out of 10 Smaller Cars wear a Pontiac Price Tag -yet none gives you Any of Pontlac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the roadhugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed-and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic . . . this is driving the smaller jobs can't duplicate.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big-but Pontiac puts the extra length where it counts-between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass . . . and a builtin sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER-BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontlac dealer will be happy to show you a complete facts-andfigures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to per-

-AND PONTIAC HAS **ALWAYS BEEN FAMOUS** AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac . . . there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now!

So why not look and feel like a million-instead of a million others?

BOW! If you want the ultimate in both occasiny and extraordinary performance, new Tri-Power Carburation is available at extra cost on over the lowest priced Postiac models! It's America's newest power advance and exclusively Postiac's at so low a cost!

TRADING'S TERRIFIC RIGHT NOW!
